

M90EDU Heavy Duty Mobil Cart

For displays from 50" - 90"

Four Display Height Positions

Regardless of whether a 65" or 90" display is installed, achieve the perfect viewing angle by choosing from four height positions.

Configurable Shelves

Flat component shelves can be mounted in front or behind the display and are vertically adjustable. Side shelves are vertically adjustable, can pivot from front to back and retract for storage. Adjustable top shelf is ideal for a speaker or video camera.

Back Cover

For clean and tamper-proof installation of components the back cover will provide a practical, tamper resistant way to attach components such as media players and cabling.

Integrated Cable Management

Through-column cord management for a clean installation. Also includes cable wrap claws, capable of storing up to 50' of heavy gauge cable at the base.

* 800mm x 500mm max mounting hole pattern

Where Will You Use Education Carts?

Auditoriums, Cafeterias, Classrooms, Computer Labs, Entrance Ways

As technology continues to evolve, this large format cart allows for an interactive, collaborative and dynamic learning environment in the classroom and auditoriums. These mobile carts also allow flexibility with providing communication anywhere throughout the education facilities.

M90EDU

Base Model + Back Panel and Cover + Two Side Shelves + Top Shelf

Specifically configured with the classroom in mind, this model includes the MS9S back panel and cover for neatly housing components and preventing unwanted tampering in the field. Also includes two side shelves for placing a laptop, other components or for use as a general work surface. The adjustable top shelf is ideal for a speaker or video camera.

CABLE MANAGEMENT

Integrated cord management openings along both columns and integrated cord claws capable of holding up to 50 feet of heavy gauge electrical cables.

Included with the M90EDU

MPC9

Back Panel and Cover System
Perforated back panel allows easy attachment of components and convenient cable management. Back cover keeps components out of sight to prevent unwanted tampering. Cover can be lifted after installation for easy access to components. Security screws are included to prevent removal in the field.

MS9S

Side/Laptop Shelf
Installs on either right or left side. Continuous vertical adjustment. Retractable for transporting and storage with 35lb capacity.

MS9B

Front/Back Shelf
Heavy duty shelf can be installed either on the display side or behind the display. Continuous vertical adjustment with 50lb capacity.

MS9T

Top Shelf
Vertically adjustable top component shelf. Ideal for placing a speaker or camera for video conferencing.

M90EDU Heavy Duty Mobile Cart
