

DVD2100-EXTENDER

■ **Installation**

Allows mounting of an accessory such as a DVD player or cable box under the TV in a ceiling or articulating arm application.

■ **Universal Design**

Fits A/V components from 10.87" to 18" wide and 1" to 1.8" high

■ **Expandable**

Add optional DVD1-EXTENDER for wider components sized from 3.1" to 3.81"

■ **VESA Compatible**

Works with all Crimson full motion articulating or ceiling mounts with VESA pattern up to 200x200mm.

■ **Configurable**

Vertically adjustable for perfect under TV positioning.

■ **Construction**

Fabricated from high-grade cold rolled steel with durable epoxy powder coat finish. Includes a complete array of high-grade fasteners, in a pre-sorted hardware pack for easy selection.

Model	Minimum Component Size	Maximum Component Size	VESA Compatible
