

Wall Mounted Menu Board Systems

Custom Configured for Your Project

for 40" - 70"+ displays

Modular

A fully modular solution for mounting menu board displays to the wall in portrait or landscape configuration for commercial displays up to 70"+ in size.

Easy to Quote-Easy to Order

Priced per display makes it easy to specify and quote. Simply select the Crimson model based on the size and orientation (landscape or portrait) of display being installed and we will configure the components for you.

Easy Leveling and Display Placement

Aligning the displays is easy with the post installation leveling mechanism. Simply adjust the leveling screws for each display to level and eliminate gaps. The heavy duty click in place latch mechanism makes hanging and removing the display a breeze. Latch can be locked down with included securing screw, to prevent removal.

Cord Management

Removable cord management bracket included for each display.

Landscape Orientation (WML)

Model	Display Size	Load Rating (per display)
WML47	40"-49"	200lb
WML55	50"-55"	200lb
WML65	60"-70"+	200lb

Portrait Orientation (WMP)

Model	Display Size	Load Rating (per display)
WMP47	40"-49"	200lb
WMP55	50"-55"	200lb
WMP65	60"-65"+	200lb

Wall Mounted Menu Board Systems

Custom Configured for Your Project

for 40" - 70"+ displays

1-866-MOUNT-TV
www.crimsonav.com

A fully modular solution for mounting menu board displays to the wall in landscape or portrait orientation, for commercial displays up to 65"+ in size. Features unique post-installation leveling and cable management capabilities, and includes all of the necessary components and hardware needed to complete the installation. Systems designers need only to know the size and number of displays to be used as well as the orientation; we'll kit the complete mount system and ship it to the location requested. We'll even provide a custom dimensioned drawing with each configuration ordered. Prices are based on the number of displays to be mounted, further simplifying the specification and quotation process.
