

■ **Versatile**

Designed to be a fun, functional and stylish accessory for anyone using handheld cameras, video cameras, or other devices with a universal 1/4"-20 mount head adapter, photo-eAzl™ provides considerable elevation and stability, in a compact, pocket-sized package.

■ **Stable**

The photo-eAzl™ has rubberized surfaces on all contact points for slip-free and stable use that is hard to achieve from a foldable case alone.

■ **Pocket-Sized Profile**

Featuring unique height and angle adjustments, photo-eAzl™ provides photographers and videographers a stable yet compact solution that is easily carried in a vest, pocket or bag.

■ **Multiple Angle Positioning**

Photo-eAzl™ is easy to use. Simply raise or lower the legs to the desired height, then set the angle, and you're ready to go.

■ **Construction**

Die cast and machined from durable nickel-aluminum alloy with rubberized slip-proof contact points.
